Our exclusive “**Follow Me**” packages are designed to keep you and your family together on vacation and in photographs. You never have to worry about forgetting your camera or losing your camera. You will not have to explain why one of you is always missing in your vacation photos, or explain the finger over the lens of your camera that a stranger doesn't know how to use. “Follow Me” takes all the hassle out photographing your vacation.

Through an exclusive arrangement with the best towncar company on the Big Island, your knowledgeable photographer can also be your driver too, taking one more worry out of your vacation (towncar, SUV or van charges billed separate through the transportation provider).

For individual activities such as Zip Line or ATV tours, customer must also cover cost of admission for photographers.
